

"May the peace and love of our Lord Jesus be with you. I write this short letter to tell you how great is the ministry that you are a part of. It was established by our Heavenly Father to help with the education of children and youth according to His will. Truly this ministry has been a blessing for me and my daughter

Magda. Thanks to your spiritual and financial support, today it has been possible for my daughter to fulfill her dream and the desire of my heart. I thank God for all the members of this ministry. Through your actions you are reflecting the tangible love of God."

"Both my wife and I have been BBI student sponsors for 2 years now. We have been able to visit Colombia and Peru and have witnessed the incredible need of the children there. We are amazed at how far the little money

we give each month goes to help these kids. Because BBI is efficiently working to meet the needs of the children in Latin America, we are encouraged to continue our sponsorship. This ministry demonstrates excellent stewardship and is such good soil to sow into. If anyone considers sponsoring a child through BBI, we recommend they step out and do it. It's such a blessing to the kids. We've been able to sow into the lives of these children, and we have reaped a blessing!"

“Let the little children come to Me, and do not forsake them; for of such is the Kingdom of Heaven.” ~ Matthew 19:14

Sponsorship is an enriching experience

By sponsoring a student, you will be helping a child fulfill his dreams, and you will also be extending hope and opportunity to children who need you. Many children long for the encouragement, love and support that someone like you can give. In turn, you will be blessed by the knowledge that you are God's hand extended to children who would have no hope without your kindness.

Touch a life today. You'll discover real joy in making a difference.

Become a student sponsor through Bridge Builders International

Every child deserves to receive a good education as well as the necessary intellectual, social and spiritual skills to succeed in life. Yet, in countries where generations have been bound by cyclical poverty and spiritual darkness, a solid Christian education is elusive for most children.

Sponsorship gives such children an opportunity they would not have had before. It allows underprivileged children to learn to read and write and to grow emotionally, intellectually, mentally and spiritually. Sponsorship provides them a chance to acquire the tools they need to break free from the chains of poverty and to live a free, full and productive life. It is a way of giving these children hope for a better future.

Through your generosity and compassion, you will be making a tremendous difference. You will be enabling a child to overcome overwhelming odds and have a better life.
